Recover create innovative pistol stabilizers, chassis systems, conversion kits, optics, and tactical accessories that enhance accuracy, stability, and functionality of standard handguns. Recover's products transform pistols into rifle-style, more versatile shooting platforms with improved ergonomics. All of our products are manufactured in Israel using aerospace-grade materials. Unleash the Full Potential of Your Handgun

Recover Tactical® is an Israeli manufacturer of unique and original firearms accessories. Recover takes its name from its original product, the CC3 1911 Grip and Rail System™ which provides the firearm owner with a stable picatinny rail solution while “recovering” the gun.

All of Recover’s products are meticulously designed by our design team headed by world renowned Israeli weapons designer Tamir Porat. Recover® products are rigorously tested by industry professionals to ensure proper function and reliability.

Skeletonized View

Open position

A close-up, slightly blurred photograph of a soldier in tactical gear aiming a rifle. The soldier is wearing a black helmet with a "RECOVER" logo, a black face mask, and black gloves. The rifle is tan-colored and equipped with a black scope, a black flashlight, and a black stabilizer. The background is a blurred outdoor setting with green foliage and a grey wall.

ACCESSORIES

for Stabilizers

ACCESSORIES For Stabilizers

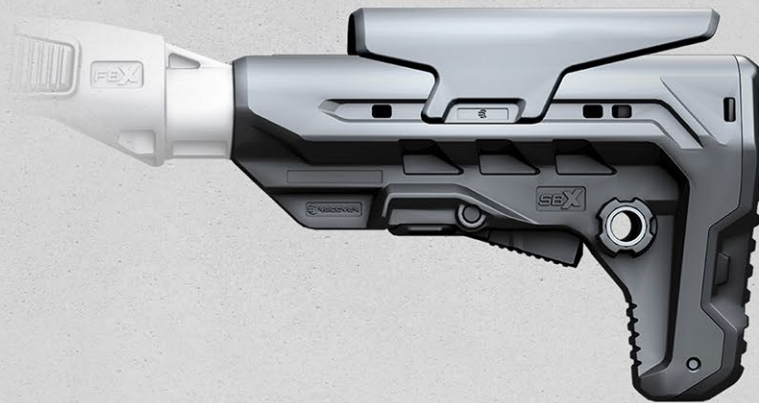

SBX™

AR Style Buttstock

- Compact AR style buttstock
- Ergonomic cheek rest Add-On
- Increases accuracy
- Will fit commercial/military style buffers
- Weight: 180gr

Comlatible with Recover's 20/20X & PIX+ Stabilizers

Black Color No Gunsmith Light-weight

SLX™

Side Locking Unit

- Provides screwless locking to the 20/20 series
- Includes M-LOK Feature
- Increases the length of the lower piccating rail
- Includes Thumb Rests
- Made from special glass reinforced polymer
- Easy to install
- Weight: 78gr

Comlatible with Recover's 20/20N Stabilizer

Black Color No Gunsmith Light-weight

FBX™

Foldable AR Buffer

- Easily foldable
- Compatible with all AR9/AR15 (with no blowback)
- Made from glass reinforced polymer
- Will fit both civilian and military spec buttstocks
- Easy to install
- Weight: 142gr

Comlatible with Recover's 20/20X Stabilizer

Black Color No Gunsmith Light-weight

GB20™

Glass Breaker

- Optic Rail
- MIL-STD-1913 Picatinny rail
- Compatible with 20 series stabilizer (Not compatible with 2011™ model)
- Lightweight 2mm stainless steel with black oxide coating
- Easy to install with the supplied hardware
- Weight: 150gr.

Comlatible with Recover's 20/20N Stabilizer

Black Color No Gunsmith Light-weight

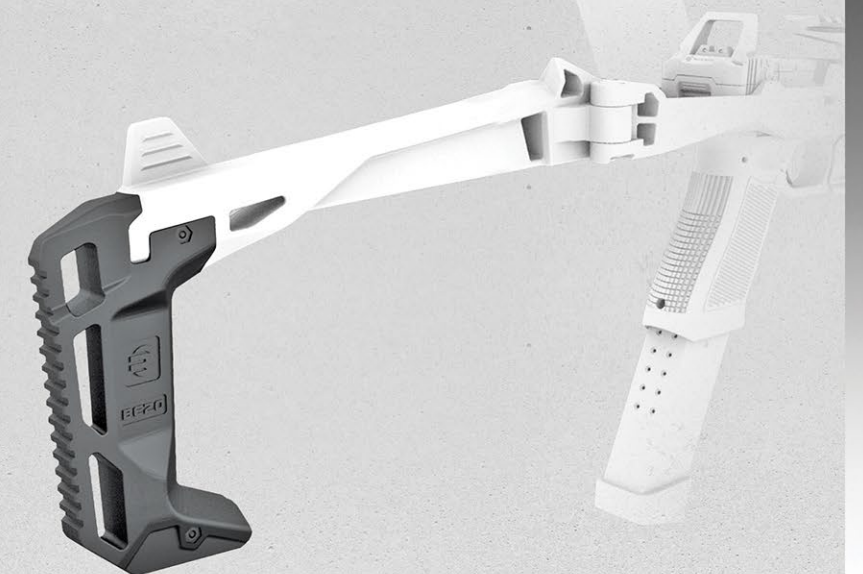

BE20™

Buttstock Extension

- Ergonomic design
- Easy to install with supplied hardware
- Made from glass reinforced polymer
- Weight 48gr

Compatible with all Recover's 20/20 Braces.

Black Color No Gunsmith Light-weight

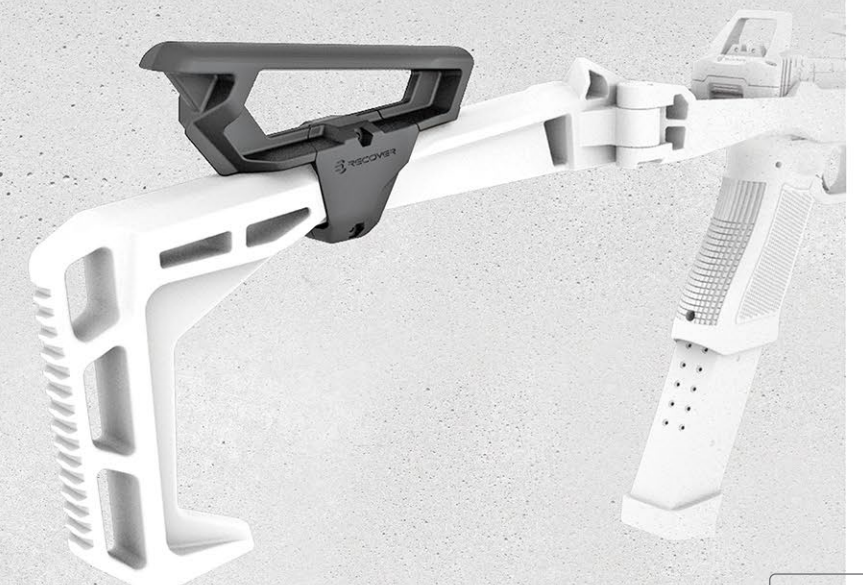

CR20™

Cheek Rest

- Compatible with all Recover stabilizer Kits.
- Ergonomic design.
- Easy to install with supplied hardware.
- Made from glass reinforced polymer.
- Weight 55gr

Compatible with Recover's 20/20 Brace and Buttstock
